

Heavenly Valley Planning Application 2005/0337

Name	Company / Organisation	Summary of Issues / Concerns (AGAINST)	Comment
Jenny Barnett	Victorian National Parks Association Inc	Proposed workshop and fuel storage tanks are at odds with the strategic plan for Mt Hotham; conflicting information relating to existing workshop site; loss of native vegetation; exposed position. (Would support a small scale commercial and retail development in the ski field area).	
Bill Metzenthien	Federation of Victoria Walking Clubs (VicWalk) Inc	Position of structure; maximum visual impact upon adjacent Alpine National Park.	
Keith Boxer		Lack of consultation with Mt Hotham stakeholders & community; current fuel storage tanks will remain in use; location of snowmaking facility inappropriate; restaurant facility inappropriate and would fail to meet demand; demolition of Schuchard Hut; loss of car parking facilities.	
Kevin Ritchie	Department of Sustainability & Environment	Inconsistent with current state policy on native vegetation management; visual impacts; location is an important access point to the Alpine National Park.	
Leanne Guy		Lack of consultation with Mt Hotham stakeholders & community; current fuel storage tanks will remain in use; location of snowmaking facility inappropriate; restaurant facility inappropriate and would fail to meet demand; demolition of Schuchard Hut; loss of car parking facilities.	
Name	Company / Organisation	Summary of Comments (FORS)	
Mark Williams	CFA North East Area	All requirements for CFA access and water supply are met for the proposal.
