

# WARNING:

Parks Victoria, in conjunction with Mt Hotham Resort Management are undertaking a Fox control program in the Mt Hotham Resort and adjoining National Park.

The program aims to protect the nationally endangered Mountain Pigmy-possum (*Burrhamys parvus*) and other native fauna. Ongoing *Burrhamys* surveys will be conducted to monitor the program's effectiveness.

**10-80 Fox-Off Poison Baits** will be used within the resort as part of the Feral Predator Control Program.

The baiting program commences **Saturday 11 December 2005** and will be ongoing. Bait placements will be from Mother J's Ticket Gate right through to Buckland Ticket Gate.

**Please note:**

- **Unrestrained pets may be a risk.**
- **Unauthorised dogs are not permitted within the Resort**
- **For registered dog owners, please keep your dog on a leash at all times**
- **Do not disturb the sand bait stations**
