

Interschools Grand Prix Championships 2009

Introduction

The Interschools Grand Prix Championships comprises six rounds of competition being conducted at Falls Creek and Hotham throughout the season. This provides the opportunity for school teams and individuals to train and race on a regular basis.

The Interschools Grand Prix Championships is structured on a similar format to the Interschools SnowSports Championships with students competing for individual and school team honors in divisions based on school years.

In addition to individual awards for each round of the Interschools Grand Prix Championships, there is also a progressive point system for overall Champion School for the whole series.
