ALWAYS SKI UNDER CONTROL
DO NOT SKI ALONE
GIVE WAY TO THE OTHER SKIERS WHEN ENTERING A TRAIL OR STARTING DOWNHILL

Snowshoes and toboggans can be hired from selected outlets throughout the village.

Shared Trail activities and Cross Country Skiing are FREE on all trails at Mount Hotham and Dinner Plain, as snow levels allow.

Regular grooming of the Mount Hotham ski trails occurs during the winter season. (Snow groomers at Mount Hotham are: Barry, the Beast and Mosby the Reindeer.)

Stops and turn off points at intervals (lower trails and forested areas only), and at extended trail sections. Grooming times and frequencies are available on our website.

For details of trails that are on the shared trail network, please visit the Winter Activity section on our website for more information.

For further information consult the Snowsafe Emergency Guide or video available at the Resort Management Office. For maximum enjoyment and to enhance your safety have ski lessons with qualified instructors and practice your ability to stay in control on the ground and in the air.

Give a nod and a smile to others when entering/exiting a trail or starting downhill. Do not stop where you are not clearly visible from above. Look uphill and give way to those below and beside you on the hill. It is your responsibility to stay in control on the ground and in the air.

Observe and obey all signs and warnings. Keep off closed trails or runs.

Always ensure your equipment is in good condition and use suitable restraining devices.

Before using any lift you must have the knowledge and ability to load, ride and unload safely and always use the restraining devices.

Always ski with control and avoid them.

Give way to people below and beside you on the hill. It is your responsibility to avoid them.

The Brabralung Trail is a challenging, scenic, undulating trail with some steeper sections. It is strongly recommended that you have appropriate trail shoes and gear and good visibility. Navigator maps can be a big help and on a clear day and in good visibility the waterfall scene is a beautiful sight. From the trail junction you can see for many kilometres across the surrounding ranges. There are many places to stop on the trail to enjoy the views. It is possible to stop at any point along the trail to walk or run if you wish.
